Andrew Okamura

■ goldenhorizon0116@gmail.com | ■ Tokyo, Japan

Summary

Senior Full Stack Developer with **7+ years of professional experience** designing, developing, and delivering high-quality software solutions. Adept at bridging front-end and back-end development, optimizing system performance, and collaborating with global teams to meet tight deadlines.

Professional Experience

Senior Full Stack Developer / Freelance — Tokyo, Japan

2020 – Present

- Led multiple client projects from concept to deployment, focusing on scalability and performance.
- Designed and implemented RESTful APIs and integrated third-party services.
- Built responsive, user-friendly front-end applications using React, Vue.js, and modern JavaScript frameworks.
- Managed cloud deployments (AWS, GCP) and CI/CD pipelines for streamlined releases.

Full Stack Developer – ABC Tech Solutions — Tokyo, Japan

2018 – 2020

- Developed and maintained full-stack web applications for enterprise clients.
- Worked extensively with Node.js, Express, and relational databases (PostgreSQL, MySQL).
- Collaborated with designers and product managers to improve UX/UI.
- Implemented unit and integration tests to ensure product stability.

Junior Web Developer — Tokyo, Japan

2015 – 2018

- Assisted in front-end development using HTML, CSS, and JavaScript.
- Maintained and updated legacy systems.
- Gained foundational experience with PHP and early JavaScript frameworks.
